2-Chamber Air Bed

NightAir®

Lyocell Rayon/Cotton Cover

Patented tri-zone lumbarpedic quilted stretchable anti-microbial knit is extremely resilient, durable, breathable and naturally dissipates moisture.

Staypure™ removable drycleanable cover

Completely zip off the cover for easy access to mattress and drycleaning. Ensures you always have a clean, hygienic sleep environment.

Tri-Zone SMT™ foam comfort layer

2" of high-resilience anti-microbial foam provides increased support in the center third of the mattress where you need it most.

Personalized adjustable firmness

Dual heavy duty vulcanized rubber air chamber design allows for personalized, adjustable firmness for both sides of the bed.

Vinyl safety liner

This friction-free surface improves mattress durability and prevents moisture transfer to foam support tray.

Support tray

6.5" profile, high density foam perimeter support prevents edge sag and makes getting in and out of bed easier.

Stylish Ergonomically Designed Hand Controls

Color graphics, numerical Support Index™ of head, foot and lumbar, auto fill and memory make this remote most user friendly.

20 year warranty

2 year full, 18 year prorated warranty reflects premium quality and workmanship.

SMT™ (Surface Modified Technology)
